Job Description: Formulation Chemist

Salary: Competitive

Age: 18 years and above

Experience 3-5 years

Company: Advanced Development & Safety Laboratories

Email: justyna.sobczyk@adslaboratories.com

Location: Paignton, Devon

Job Summary:

Are you passionate about cosmetic science and formulation? Do you thrive on innovation and want to be part of a team that develops high-performance skincare, haircare, and sun care products? At ADSL Laboratories, we specialise in cosmetic formulation, safety testing, and compliance, working with brands to create products that stand out. We're looking for a Formulation Chemist to join our growing team and contribute to exciting projects in the beauty industry. This role is full time and is based in Paignton, England.

Working Hours:

- Monday to Friday
- 0900 – 1700 (9:00AM – 5:00PM)

Role Responsibilities:

- Develop and test innovative cosmetic formulations.
- Work with cutting-edge ingredients and technologies.
- Ensure products meet regulatory and safety standards.
- Collaborate with brands to bring their vision to life.

Qualifications and Skills:

- Bachelor's degree in Chemistry or a related field (or similar educational background).
- Experience in formulation development (skincare, haircare, or sun care is a plus!)
- Passion for problem-solving and innovation
- Strong communication skills, both written and verbal.
- A keen attention to detail and the ability to maintain meticulous records.
- Strong attention to detail and regulatory knowledge
- Proficiency in IT skills, particularly with Microsoft Office applications such as Excel and Word.
